AUDIT REPORTS-FEDERAL NOTICES

We have been advised some school corporations have received notices from departments of the federal government concerning non acceptance of audit reports with references to missing components such as opinions.

We understand the letters were generated due to non acceptance of our digital signatures. We have not been able to receive an opinion as to the reason for the change when all previous reports were accepted with our digital signature. However, we have received assurance of acceptance from the Federal Audit Clearinghouse which states in part, "In reference to the audit submissions from the Indiana State Board of Accounts that were determined by us to have missing components due to unsigned audits, we will reverse the judgment of our processing unit. We have clarified our procedures and we will correct the audits and process them immediately."

Please call us at (317) 232-2520 if your school corporation has any unresolved issues with regard to the foregoing.

**TRANSFERS OF MONEY FROM ONE ACCOUNT TO ANOTHER
WITHIN THE GENERAL FUND**

The Indiana Attorney General issued Official Opinion 11 on June 28, 1976, addressed to the State Superintendent of Public Instruction. The opinion was issued in response to the question as to whether a public school corporation is authorized to transfer money from one account of the General Fund to another account within the General Fund without additional prior notice to the public and without prior approval of the State Board of Tax Commissioners (Department of Local Government Finance).

The conclusion in the opinion states "that by enacting Indiana Code, Section 6-1.1-18-6, the General Assembly intended to authorize a public school corporation, on the same basis as other political subdivisions of government, to transfer money from one major budget classification of its general fund to another classification within that same fund without additional public notice and prior approval of the State Board of Tax Commissioners; but such a transfer could only be made by ordinance adopted at a public meeting of the school board, and the ordinance could not authorize expenditure of money in excess of the total appropriation for the school corporation. This opinion, however, relates only to the intended applicability of Code Section 6-1.1-18-6. Doubts remain as to the constitutionality of the provisions of that section which permit transfer of funds without notice."

REVISION OF ACCOUNTING FORMS AND PROCEDURES

The State Board of Accounts is charged by Indiana law with the responsibility of prescribing, approving and installing accounting systems which shall be uniform for every public office of the same class (IC 5-11-1-2). Various officers of the state and local units of government have the responsibility to use the financial accounting forms and records adopted by the State Board of Accounts (IC 5-11-1-21).

The foregoing is restated as a reminder of the importance and requirement of consulting the State Board of Accounts before commitments are made concerning the revision of your accounting system. Any revision of the system must provide, as a minimum, the information that is included in the prescribed system and as neatly as possible in the same format and terminology. If a change is planned, please contact the State Board of Accounts.

POLICING SCHOOL CROSSINGS

The Office of the Indiana Attorney General has consistently held police agencies of civil units primarily the responsibility to provide for the safety of the inhabitants on the streets and highways. The matter was also a topic of discussion in Official Opinion 38 of 1954 as well as in an Administrative Advisory Letter dated April 4, 1986.

An Assistant Attorney General provided in an unofficial opinion issued on March 20, 1958, that a school corporation does not have the authority to engage in public safety separately and could not do so jointly with a civil city or town. The unofficial opinion provided that public safety is a function of the civil municipality and not of a school corporation.

IC 36-9-12-4 provides authority for cities and towns in using the funds collected from parking meters to pay the cost of purchase, maintenance, operation, repair and all other costs of providing school crossing protective facilities.

The above items are the basis for our audit position that the providing of school crossing guards would be the responsibility of the municipal or county government that has jurisdiction over public safety of the roads that the students would be crossing.

A school corporation could be precluded from proceeding under "Home Rule", as the responsibility has been given to other specific units of government. However, if a determination could be made that funds were not available by the municipal unit to provide for crossing guards, and if the School Board, with written advice of the School Corporation Attorney passes a "Home Rule" resolution stating their policy and desire to provide crossing guards, then the State Board of Accounts would not take exception to the school corporation providing the crossing guards.

PAYMENT OF BONDS

IC 20-48-1-3 states, "(a) Bonds authorized by this article and IC 20-26-1 through IC 20-26-5 must be payable in the amounts and at the times and places determined by the governing body. (b) Bonds issued for the funding of judgments or for the purchase of school buses shall mature not more than five (5) years from the date of the bonds. Bonds issued for other purposes must mature not more than twenty-five (25) years from the date of the bonds. (c) The governing body may provide that principal and interest of the bonds are payable at a bank in Indiana and may also be payable at the option of the holder at another bank designated by the governing body, either before or after the sale. (d) The governing body may pay the fees of the bank paying agent and shall deposit with the paying agent, if any, within a reasonable period before the date that principal and interest become due sufficient money for the payment of the principal and interest on the due date."

A governing body if so desiring may by resolution, designate a bank or banks or trust company as paying agents. On or within a reasonable period before the due date for each bond redemption or interest payment the school corporation treasurer may deposit with the paying agent sufficient funds to meet such bond redemption and interest payments, which requires the establishment of an account at the designated bank and for monthly bank statements of the condition of the account. The statement may be rendered at the same time as other monthly bank statements and shall enclose (properly cancelled and with the date of the cancellation) the bonds and (coupons if applicable), paid during that month. The procedures will allow the bookkeeper to match the bonds and (coupons if applicable), paid and returned by the bank with the balance of the fund at the bank. Also the bookkeeper can post to the Bond Register (Form 53) those bonds and (coupons if applicable), paid each month by the bank so that the Bond Register will be currently and accurately posted at the close of each month.

Payment of any fees due the paying agent must be supported by an itemized accounts payable voucher properly filed and allowed by the governing body.

School corporations may also issue "bonds, notes, evidences of indebtedness, or other written obligations" in fully registered or book entry form." These types of obligations may have as registrar or paying agent the issuing entity, a bank or trust company, or securities depository corporation. The bank or trust company need not be depository bank under IC 5-13, and need not be located within the State of Indiana.

Notwithstanding any other provision of law, registers or registration books or transfer records for bonds, notes, evidences of indebtedness, or other written obligations of any entity are not public records, but are only for the use of the entity, any trustee, fiduciary, paying agent, registrar, co-registrar, or transfer agent. A trust department of a bank having possession of these records shall not disclose them to a bond department, commercial department, subsidiary of the bank, or subsidiary of the parent corporation of the bank.

Registrars of bond issues shall keep a register of ownership of bonds.

Since the paying agency or registrar shall keep a register to ownership of bonds and all bonds and coupons shall be paid when becoming due, we see no reason for the governmental unit to duplicate those same records maintained by the paying agent or registrar by keeping a bond register. There should be no unpaid outstanding matured bonds or coupons (if applicable).

AUDIOMETER TESTS

IC 20-34-3-14 states, "(a) The governing body of each school corporation shall annually conduct an audiometer test or a similar test to determine the hearing efficiency of the following students: (1) Students in grade 1, grade 4, grade 7, and grade 10. (2) A student who has transferred into the school corporation. (3) A student who is suspected of having hearing defects. (b) A governing body may appoint the technicians and assistants necessary to perform the testing required under this section. (c) Records of all tests shall be made and continuously maintained by the school corporation to provide information that may assist in diagnosing and treating any student's auditory abnormality. However, diagnosis and treatment shall be performed only on recommendation of an Indiana physician who has examined the student. (d) The governing body may adopt rules for the administration of this section."

IC 20-34-3-15 provides remedial measures for hearing impaired students and states, "(a) Whenever the test required under section 14 of this chapter discloses that the hearing of a student is impaired and the student cannot be taught advantageously in regular classes, the governing body of the school corporation shall provide appropriate remedial measures and correctional devices. The governing body shall advise the student's parent of the proper medical care, attention, and treatment needed. The governing body shall provide approved mechanical auditory devices and prescribe courses in lip reading by qualified, competent, and approved instructors. The state superintendent and the director of the rehabilitation services bureau of the division of disability, aging, and rehabilitative services shall: (1) cooperate with school corporations to provide assistance under this section; and (2) provide advice and information to assist school corporations in complying with this section. The governing body may adopt rules for the administration of this section. (b) Each school corporation may receive and accept bequests and donations for immediate use or as trusts or endowments to assist in meeting costs and expenses incurred in complying with this section. When funds for the full payment of the expenses are not otherwise available in a school corporation, an unexpended balance in the state treasury that is available for the use of local schools and is otherwise unappropriated may be loaned to the school corporation for that purpose by the governor. A loan made by the governor under this section shall be repaid to the fund in the state treasury from which the loan came not more than two (2) years after the date it was advanced. Loans under this section shall be repaid through the levying of taxes in the borrowing school corporation."

**CONSOLIDATED OMNIBUS BUDGET RECONCILIATION ACT
(COBRA)**

COBRA could require continuation of group health insurance coverage to be afforded through the school corporation. Any questions concerning the application of COBRA to a particular corporation should be directed to the School Corporation Attorney.

Should the School Corporation Attorney determine that an obligation exists, we recommend that effort be made to convince your insurance carrier to accept the personal checks from individuals for continuation of benefits and not burden the school corporation with the bookkeeping requirements.

Insurance companies absolutely refusing to process payments will necessitate that employee checks received for continuation of benefits be receipted to the clearing account number 927.3 and disbursed from account number 927.4. These clearing accounts will need to be established in your chart of accounts.

NEW CHART OF ACCOUNTS

Effective January 1, 2008, as previously discussed, the Chart of Accounts will be revised to more closely comply with requirements of the United States Department of Education, National Center for Educational Statistics (NCES). The anticipated revised Chart of Accounts is attached. Modifications, which we hope would be minimal, are possible prior to January 1, 2008, due to any possible changes by the NCES, the General Assembly, your input, etc.

FUNDS AND FUND ACCOUNTING

FUNDS

A fund, as used in the manual, represents moneys set aside for specific activities of a school corporation. A fund constitutes a complete accounting entity and all financial transactions, both receipts and disbursements, are to be recorded in the fund to which they pertain. The funds established by law for Indiana school corporations are: General Fund, Debt Service Fund, Capital Projects Fund, School Transportation Fund, School Bus Replacement Fund, Special Education Preschool Fund, School Lunch Fund, Textbook Rental Fund, Repair and Replacement Fund, Self-Insurance Fund and Levy Excess Fund. Tax levies, subject to limitations, may be established for the General, Debt Service, Capital Projects Fund, Special Education Preschool Fund, School Transportation and School Bus Replacement Funds. No tax levies may be established for the School Lunch Fund or the Textbook Rental Fund as these funds are designed to be self-supporting. Under certain conditions, a Construction Fund and other Special Funds may be established.

PART 7

CLASSIFICATION AND DEFINITION OF OBJECT ACCOUNTS

CLASSIFICATION OF OBJECT ACCOUNTS

For the purposes of the manual and the prescribed accounting system for Indiana's public schools, the Object Accounts are separated into nine categories dependent upon their function or general purpose. They are identified by numerical designations related as closely as possible to those used in Financial Accounting for Local and State School Systems, Revised. Some classifications, as presented in Financial Accounting for Local and State School Systems, Revised, have been tailored to meet the special needs of Indiana, with respect to Indiana laws and state reporting requirements.

DEFINITION OF OBJECT ACCOUNTS

The objects are defined within each classification or program by the specific purpose which they served. These are identified by account titles basically comparable to those in Financial Accounting for Local and State School Systems, Revised, excepting those instances where greater detail is required because of Indiana laws or state reporting requirements.

ACCOUNTING FOR OBJECTS

Each transaction should be identified with the object category concerned. The following part identifies and describes each of the object classifications which you will be asked to summarize for reporting to the Department of Education.
